“RESTORING THE GLORY”

Over the past several years, it has become apparent to the leadership of the Cathedral that some much needed work is necessary to restore the beauty of this historic church. Three projects have been identified as the top priorities: 1) reestablishing a New Tabernacle in the center of the Sanctuary; 2) repairing and preserving the dual Bell Towers; 3) revamping the organ pipes and renovating the Choir Loft.

Each restoration project addresses a unique aspect of the Cathedral. Reintroducing the Tabernacle to the Sanctuary refocuses our attention on the Most Holy Eucharist, “the source and summit of our faith”, and draws us into deeper union with our Lord. The bell towers call us to prayer and remind everyone who hears their chimes that the Lord indeed has risen! Last, but not least, the Alleluias that ring out from the choir elevates our worship and lifts our spirits higher. To God be the Glory!
